Letter No. 9604, dated 1st October 1915, from the Chief Engineer of Mysore, bringing to notice certain inconveniences in the present system of recovering and crediting to the Public Works Department accounts the amounts promised as contribution by raiyats towards irrigation works, and suggesting that, with a view to obviate those inconveniences, the raiyats may be permitted to deposit the amounts collected from time to time in the Government Savings Bank in the name of one of themselves, till the work is taken in hand just as has been allowed to be done in the case of contributions towards village improvement work, in Government Order No. R. 10770-9—L. R. 10-14-163, dated 22nd May 1915.

2. Memo dated 16th March 1916, from the same officer, suggesting, in modification of his above proposal, that the contributions which are credited to the accounts of the Public Works Department as they are received may be first credited to the Revenue Department as deposits and transferred to the Public Works Department only when the full amount of contribution payable by raiyats in respect of any work, is completely recovered.

Order No. R 3642-52—L. R. 194-15-2, dated 18th October 1916.

The procedure suggested by the Chief Engineer does not commend itself to Government.

2. Government Order No. 1769-89-320-40—P. W. D., dated 1st April 1892, printed in page 723 of the Revenue Manual of 1911, on the subject of levy of contributions in the case of irrigation works costing less than Rs. 25,000, directs that such contributions when offered and accepted should be paid down before commencement of the work and that they should not be allowed to encumber the public accounts as recoverable items. The amount of such contribution is thus liable to be paid in one lumpsum and the remedy for the inconveniences pointed out lies in enforcing the ruling strictly. Government accordingly direct that the contribution amount of the kind in question should be collected once for all in one lumpsum except when it is recoverable as acreage contribution under Government Order No. P. W. Cir. No. 47, dated 15th June 1894 (page 723 of Revenue Manual).

Report on the Condition of Boundary Marks.

No. R. 3551-60—L. S. 17-16-2, DATED 11TH OCTOBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 44, dated 30th August 1916, from the Superintendent of Revenue Survey and Settlements in Mysore, submitting the report for the year ending 30th June 1916, on the condition of the boundary marks in the State and the extent to which the villagers co-operated with the field establishments during resurvey operations

I have the honor to submit the following report for the year ending 30th June 1916, on the condition of the boundary marks and the degree of co-operation enlisted by the Field Establishments during the progress of resurvey operations.

The 'A' Establishment under Mr T. Dharmaraj Chetty, Assistant Commissioner, since appointed Additional Land Acquisition Officer, Cauvery Reservoir Works, continued to work in connection with the acquisition of lands for the Cauvery Reservoir Works. There was in the case of this establishment no systematic inspection of survey numbers with reference to original boundary marks.

The 'B' Establishment under Mr T. Govinda Rao, Assistant Commissioner, was employed during the year under report in the Chikmagalur Taluk as it stood at the original settlement the villages of which are now distributed among the present Kadur, Chikmagalur, Koppa and Belur Taluks. Of the total number of 7,150 working days, 3,158 or 44·17 per cent were devoted to the inspection of fields and the restoration of boundary marks, out of this number, 2,153 days or 30·11 per cent was spent in measuring for missing marks and the restoration of such marks. The total number of bandhs and stones missing was 9,316 and 18,869 or 12·17 per cent and 19·97 per cent respectively. The number of days lost on account of the non-co-operation of villagers was 1,106 or 15·47 per cent of the total number of days. This large percentage is to be atributed to the inability of the Field Officer to commence his operations for nearly a month after the commencement of the season owing to the opposition displayed by the raiyats of fourteen villages in the Bendiga Hobli who refused to give the necessary aid to the measurers deputed to work in those villages This obstructive attitude continued till they learnt that their telegrams and petitions to Government and to the Survey Superintendent for a postponement of operations, having been based on unacceptable grounds did not receive a sympathetic response. In the case of the important village of Sakrepatna, however, so recalcitrant were the raiyats that it was found impracticable to do resurvey without the employment of paid labour Some of the coffee planters also appear to have contributed to the loss of time sustained, and lastly the absence of some of the Shanbhogs from their charges helped to increase the number of days under non-co-operation.

The names of the Sub-Division Officers and the Amildars in charge of the respective taluks are as hereunder. They rendered, in conjunction with the Deputy Superintendent, the survey party all the help in their power in overcoming difficulties, without this help the matter would undoubtedly have been a much more serious one, as the raiyats of the Chikmagalur malnad are known to be among the most unmanageable in the whole State.

Taluk	Amildar or Deputy Amildar	Sub-Division Officer
1. Chikmagalur	Mr. M. Ranganath Rao ...	Mr. K Krishna Iyer (Deputy Commissioner.)
2. Kadur (part of Sakrepatna hobli),	,, C. Lakshman Rao, afterwards Mr. G. Venkata Rao.	,, B. T. Kesavaiengar, Assistant Commissioner.
3. Koppa (part of Balehonnur hobli, Narasimharajapura Sub-Taluk).	,, C. N. Garudaiengar, Deputy Amildar	
4. Belur (part of Belur and Halebid hoblis).	,, Srinivasaiengar ...	,, S. Chakrapaniengar, Assistant Commissioner.

The 'C' Establishment under Mr. D. Srinivasa Rao, Assistant Commissioner, was employed for the first two months of the field season in portions of the present Dodballapur and Bangalore Taluks forming part of the original Dodballapur Taluk, and later on in portions of the Chikmagalur

No. R. 3551-60—L. S. 17-16-2, DATED 11TH OCTOBER 1916.

and Tarikere Taluks and the Narasimharajapura Sub-Taluk forming part of the late Lakkavalli Taluk, and finally in portions of the Belur Taluk forming part of the original Chikmagalur Taluk. Out of the total of 5,711 days, 2,095 days or 36·68 per cent was devoted to the inspection and restoration of boundary marks, of which 1,314 days or 23·01 per cent were lost on account of the abnormal condition of boundary marks. The total number of bandhs and stones missing was 5,582 and 10,146 or 13·12 per cent and 21·96 per cent respectively. Mr. D. Srinivasa Rao remarks that "the large percentage of missing marks in the Jagar valley of the Chikmagalur Taluk is reported to be due to the rare visits of inspection the Revenue Officers pay to those parts which are very difficult of access and notoriously unhealthy." The number of days lost on account of the non-co-operation of the villagers was 615 or ·10·77 per cent. Out of this number, nearly 100 days are said to have been lost on account of the Ghati Subramanya Kanive Jatra to which almost all the villagers flocked, in consequence of which the resurvey work came to a temporary standstill. About seventy-five days were lost during the resurvey of five Bechirak villages in the Tarikere Taluk. The remaining 440 days, which work out to an average of about two days per mouth per measurer cannot, Mr. D. Srinivasa Rao, remarks, be deemed large, considering that the establishment was working during the greater part of the field season, in Malnad Villages. The Revenue Officers gave the party valuable help whenever survey work was impeded.

The names of the Sub-Division Officers and the Amildars concerned are given below:—

Taluk	Amildar or Deputy Amildar	Sub-Division Officer
1. Dodballapur	Mr. Mahomed Syed Sheriff ...	Mr. A. K. Syed Taj Peeran.
2. Bangalore	„ S. Dharma Rao ...	
3. Chikmagalur	„ M. Ranganatha Rao ...	„ K. Krishna Iyer (Deputy Commissioner).
4. Tarikere	„ Sheik Abdulla ...	„ B. T. Kesavaiengar.
5. Narasimharajapura Sub-Taluk.	„ C. N. Garudaiengar (Deputy Amildar).	
6. Belur	„ Srinivasa Iyengar ...	„ S. Chakrapaniengar.

The 'M' Establishment under Mr. K. G. Shamanna, Assistant Commissioner, was employed in the re-classification of the villages of the late Honnavalli and the Kunigal Taluks and he states that as far as the boundary marks of the wet and garden lands in the Taluks of Tiptur and Kunigal are concerned, they were generally in a fair condition, though several stones were missing at re-classification.

A statement showing the condition of the boundary marks in the taluks resurveyed and the days lost in dealing with them is attached hereto.

Order No. R. 3551-60—L. S. 17-16-2, dated 11th October 1916.

Recorded.

2. The high percentage of the number of days lost in measuring, on account of missing boundary marks and the opposition displayed by the raiyats, are said to have seriously impeded the operations during the year.

3. The Revenue Commissioner is requested to issue suitable instructions to the Revenue Officers in the matter of inspecting and maintaining boundary marks.

General Secretary's letter No J 1308—Cts 64 15 1, dated 25th September 1915, to the Registrar of the Chief Court of Mysore, enquiring what general educational qualifications and what departmental tests, if any, the Judges of the Chief Court would require of applicants to the posts of Head Munshis of Munsiffs Courts and to posts in other Courts carrying a pay of Rs 40 and above.

Order No. J. 1468-9—Cts. 64-15-3, dated 30th October 1916.

Government are pleased to approve of the suggestions of the Chief Court and accordingly direct that they be followed in future in making appointments in the Subordinate Civil Courts.

Exd —C. R.

Letter S C No 204, dated 4th—9th August 1916, from N T Gopalengar, Esq., B A, L L B, Registrar of the Chief Court of Mysore, to D M Narasinga Rao, Esq, B.A, B L, Secretary to the Government of Mysore, General Department.

Adverting to your letter No J 1308—Cts 64-15-2, dated the 25th September 1915, enquiring what general educational qualifications and what departmental tests, if any, the Judges would require of applicants to the posts of Head Munshis of Munsiffs' Courts and to posts in other Courts carrying a pay of Rs 40 and above, I am directed to state that in regard to the posts of Head Munshis of Munsiffs' Courts, the Judges are of opinion that no one should be appointed direct to those posts from outside the Judicial Service who is not a Law graduate and that no one already in the Judicial Service should be appointed to those posts unless he has passed the Matriculation Examination of a University The Judges would however make an exception in the case of men of long service in the department already drawing Rs 40 and over these in their opinion need not be debarred from promotion merely on the ground that they have not passed a University Examination.

With regard to the departmental tests to be required of applicants for the Head Munshis' posts, I am to state that Law graduates may be considered eligible for appointment and promotion without passing departmental tests except "Accounts Lower" which may be passed after appointment and that all others should be required to pass the Civil Part II, Registration and Accounts Lower of the Mysore Local Service Examinations before promotion to an Head Munshi's post

As for posts carrying Rs 40 and above, the Judges would appoint no one direct from outside the Judicial Service who is not a graduate of a University and has not passed the Civil Part II, Accounts Lower and the Registration Examinations Of the officials in the Judicial Department, they would appoint to those posts only those who are Matriculates

and have passed the same departmental examinations. They would not debar men now drawing Rs. 35 in the Judicial Department for want of general educational qualifications provided they pass the departmental tests before promotion. The Judges also consider it desirable that whenever an appointment is made to a post of Rs. 40 and upwards of any person not serving in the Judicial Department, the appointment shall be subject to the approval of the Chief Court.

As to prospects of promotion referred to in the last sentence of your letter under reply I am to state that since the amendment of the Civil Courts Regulation and the framing of rules thereunder, it will be easier to treat all officials in the higher posts as forming one cadre from which selection can be made and qualified men who obtain a first appointment on Rs. 40 can thus look for advancement to the highest ministerial offices in the department and in the case of Law graduates to Judicial offices also.

Government are pleased to approve of the recommendation of the Inspector-General and accordingly direct that the fee for searching application files and all other such records of Registration offices as do not fall within Section 57 of the Registration Regulation and Article VIII of the Table of Registration Fees, be levied at the rates prescribed in paragraph 4 of the Civil Rule of Practice No. 108, dated 17th December 1900, subject to a maximum fee of Rs. 1-8-0 in each case. Allotments in the Budgets for Medical Relief.

No. 2350-9—L. B. 38-16-4, DATED 17TH OCTOBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 2350-9—L. B. 38-16-4, dated 17th October 1916.

Government observe that the provisions proposed by the Senior Surgeon for inclusion in the District Fund and Municipal budgets on account of Medical relief are sometimes modified by the local bodies without reference to that officer and that the Senior Surgeon thus has no opportunity of knowing if adequate provision is made by the local bodies for all the proposals approved of by him, till copies of the budgets as sanctioned by Government reach his office. To avoid the inconvenience resulting from existing practice, Government direct that a statement showing the allotments allowed on account of Medical relief in the draft budgets, together with an explanatory memo, giving reasons for alteration, be forwarded to the Senior Surgeon by the Deputy Commissioners concerned at the same time as the draft budgets are sent up to Government for sanction.

The Senior Surgeon will, within a fortnight of the receipt of the statement, intimate to Government whether the provisions are considered by him adequate and if not what additional amounts are absolutely necessary for expenditure during the year together with reasons explaining the necessity. While submitting the draft budgets to Government the Deputy Commissioners will state the date on which the statements relating to Medical relief were forwarded to the Senior Surgeon. Such statements need not in future be forwarded to the Comptroller as hitherto.

The percentage of deaths to the total number treated was 7·28 against 7·45 in 1914.

The large increase in the number of patients treated in all the several kinds of institutions goes to show that they are becoming more popular and their benefits more largely appreciated and availed of by the public.

The number of major operations performed in the Victoria Hospital, Bangalore, was 1,003 against 916 in the previous year.

6. There was a considerable decrease in the number of cases treated for cholera and small-pox, the figures being 103 and 130, respectively, against 183 and 354 in the previous year. No. 2665 —MED. 134-15-3, DATED 31ST OCTOBER 1916.

8. *X-ray Cases.*—The number of cases treated with x-rays in the Victoria Hospital, Bangalore, and the General Hospital, Mysore, was 123 and 65 against 96 and 61, respectively, in 1914. One hundred and sixty-nine radiographs were taken in the Victoria Hospital and 91 cases were treated with electrotherapy in the General Hospital, Mysore.

9. *Midwives.*—The number of midwives at work during the year was 124 against 120 in 1914. They attended to 8,419 cases against 8,439 in the previous year.

LIST B.

Statement of Subjects of the Representative Assembly disposed of since the last Session of the Assembly.

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1915	2	Preliminary decree in civil suits to be dispensed with.	States that the existing law in regard to preliminary decrees is both convenient and equitable and that it is inexpedient to alter it in the manner proposed. (No. J. 4539-46- Cts. 284-15-1, dated the 17th May 1916.)
	4	Amendment of the Land Acquisition Regulation.	States that Government do not consider that any change in the law is necessary. (No. J. 423—Legis. 50-15-1, dated the 2nd August 1916.)
	8	A Regulation to prevent usury	Government do not consider it expedient to legislate in the manner suggested, especially as the Courts have ample power under the existing law to give relief in proper cases. (No. J. 1082-5- Legis. 55-16-1, dated the 13th September 1916.)
	19	Lapse deposits in Civil Courts	States that Government do not consider it feasible to issue separate notice to decree-holders in respect of amounts deposited in Court and about to lapse, that parties interested can easily ascertain how the execution of their decree is going on and whether anything stands to their credit in Court and that at the same time the presiding officers of Courts may arrange to see that no delays occur in the payment of deposit amounts and that the Comptroller will also be requested to issue instructions for the expediting of refunds of lapsed deposits. (No. J. 4782-4—Cts. 285-15-1, dated the 8th June 1916.)
	22	Payment of process fee and batta	Government consider that sufficient facilities have been given to parties under Circular Letter No. 175, dated the 6th September 1905, as amended by addendum *et* corrigendum, dated the 30th March 1915 (published at page 324, Vol. XX of the Mysore Chief Court Reports) and that no further modifications are necessary. 	24 (27 of 14, 424 of 13 423 of 13)	Copying paper	Government agree with the Chief Court that it is unnecessary to reduce the charges below their present level and that, if the Chief Court has no objection, a circular may issue that, as far as possible, endeavours should be made to have the maximum of one hundred words written on each sheet except in cases where the actual number of words to be copied is less than a hundred. (No. J. 4820-8—Cts. 262-14-3, dated the 10th June 1916.)

Government Proceedings No. G. 10713—G. M. 952-13-1, dated the 26th June 1914, ordering, among other things, that recruitment to the grade of clerks in both the divisions of the General and Revenue Secretariat be by open competition only.

Order No. G. 5274—G. M. 43-16-1, dated 28th October 1916.

Experience has shown that competitive examinations contemplated in the Government Order read above can be held only at long intervals, on the occurrence of a sufficient number of permanent vacancies, and that the men available for temporary employmet are not generally satisfactory.

2. Government consider therefore that a revision of the existing rules of recruitment is necessary and are accordingly pleased to direct that in both the divisions of the clerical establishment in question, 75 per cent of the vacancies be reserved for recruitment by competition and that the remaining 25 per cent be filled up by nomination on the basis of communal representation.

3. Necessary amendment slip to the General and Revenue Secretariat Office Manual will be issued separately.

Annachattrams.

No. 804-17—M. F. 177-14-10, DATED 11TH OCTOBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Proceedings No. 2066-7—M. F. 652-12-1, dated the 16th May 1913, appointing a Committee consisting of Divan Bahadur Mr. C Srikantesvara Aiyar, Inspector-General of Police, and Mr. G. Aravamudu Iyengar, Muzrai Superintendent, for studying and submitting a joint report upon the organization and working of the Muzrai Department.

2. Letter No. 6—S. C., dated the 26th January 1914, from the Members of the Muzrai Committee, submitting for the orders of Government a joint memorandum on the reorganization of the Muzrai Department and suggesting among other matters, the lines for the revision of expenditure in the Government Annachattrams.

3. Demi-official correspondence with the Deputy Commissioners of Districts regarding the proposal to stop free feeding in certain chattrams in the State.

4. Note dated the 17th July 1916, from the Muzrai Superintendent relating to the utilization of the funds thus set free.

Order No. 804-17—M. F. 177-14-10, dated 11th October 1916.

At paras 22 to 29 of their Memorandum dated the 26th January 1914, the Committee appointed to report upon the working of the Muzrai Department have examined the existing conditions and usefulness of the Government Annachattrams, and have expressed the opinion that owing to the advent of railways, the expansion of communications and the shifting of traffic and pilgrim routes, many of the chattrams no longer serve their original purpose, that owing to rise in prices, the tasdiks allotted are inadequate in most cases and that if these institutions should be placed on a proper footing, a more or less drastic revision is called for. The Committee have recommended that chattrams situated near renowned Shrines, Thirthas and at certain other important centres should be retained with their standard of usefulness improved and that the remaining ones should be converted into rest houses, the buildings being maintained in good order and a small establishment retained to attend to the comforts of the travelling public.

2. A statement of chattrams where free feeding may, in accordance with the above recommendation, be stopped has been prepared and the Deputy Commissioners of Districts consulted as to the expediency of such a course. They are of opinion that feeding may immediately be stopped in the case of twenty of the above institutions and that in three of these the issue of raw rations to byragees may be continued.

3. The Government agree with the Muzrai Committee regarding the necessity that exists for the revision of the Annachattrams and accept the recommendations of the Deputy Commissioners to stop free feeding in the twenty chattrams enumerated in the appended statement. As far as possible these chattrams should be converted into suitable rest houses for the convenience of the travelling public with an establishment sufficient to answer their requirements and provide meals on payment.

4. The aggregate tasdik allotment for these institutions is Rs. 13,901-7-0 out of which a sum of Rs. 3,682-4-0 is spent on fixed payments to nehimidars leaving Rs. 10,219-3-0 to be spent upon the institutions themselves. Out of this amount, the Muzrai Superintendent recommends that a sum of Rs. 1,080 a year may be made available for the purpose of improving the usefulness of the Tirupati Charities, proposals for which have been separately considered and approved by Government, that Rs. 1,500 a year may be allotted as tasdik for the Tulamasa Santarpane at Paschimavahini and Seringapatam and that a lump sum of Rs. 2,000 may be

set apart to place on a footing of greater usefulness certain chattrams at important centres. Government are pleased to accept these recommendations, and they direct that after allotting funds for the purposes mentioned, the net savings which will be available, *viz.*, Rs. 5,639-3-0 should be utilized wholly for the purpose of providing an adequate establishment and such furniture and vessels as may be absolutely necessary for the newly constituted rest houses and that the savings together with the surpluses now standing at the credit of these institutions should be spent in improving the accommodation now available.

5. The Muzrai Superintendent is requested to submit definite proposals in consultation with the Deputy Commissioners of Districts regarding the establishments and other necessaries required for the various rest houses together with a set of rules for their efficient supervision and a scale of rates for meals, etc., supplied, suitable for middle class travellers and another for poorer classes.

6. Individual accounts for the institutions need not be kept any longer in the Comptroller's books, the newly constituted rest houses in each district being treated as one institution for account purposes. The appended statement shows against each group of rest houses the tasdik allotment therefor, from which the nehimi and other charges, recurring and extraordinary, will be met. The control of these institutions will continue to remain with the Muzrai Department and a paragraph should be added as regards their working in the Muzrai Administration Report of each district.

7. The above order will come into effect as regards stoppage of free feeding from 1st January 1917. As, however, the present year's tasdik amounts have already been credited to the individual institutions, the appropriations from the savings sanctioned above on account of the Tirupati Charities, Tulamasa Santarpane and improvement of other Annachattrams will take effect from the beginning of the next official year.

READ—

Government Proceedings No. 4672-4, dated 15th June 1905, sanctioning the revision of establishment and other charges of His Highness the Maharaja's Charities at Tirupati, Chittoor District, amounting to Rs. 11,130-10-6 per annum.

2. Government Proceedings No. 4327-9, dated 30th March 1906, sanctioning an additional grant of Rs. 1,500 for feeding during Brahmotsava and Mukkoti festivals in the chattram at Tirupati.

3. Government Proceedings No. 815-6—M. F. 291-10-4, dated 12th October 1911, sanctioning the purchase of a house for use as a chattram at Tiruchanoor.

4. Government Proceedings No. 1825-6—M. F. 291-10-8, dated 6th February 1912, according sanction to the Muzrai Superintendent's recommendation to incur a monthly expenditure of Rs. 7 (out of the amount reserved for annual repairs) for the up-keep of the building at Tiruchanoor.

5. Correspondence ending with letter No. 381 dated 6th September 1915, from the Muzrai Superintendent in Mysore, submitting revised proposals involving an additional cost of Rs. 1,200 per annum for the revision of the establishment and other charges of the said charities and stating that an increased allotment is necessary if these charities are to be maintained at the same standard of efficiency and usefulness.

Order No. 800-803—M. F. 224-11-4, dated, Camp Mysore, 11th October 1916.

In Government Proceedings No. 4672-4, dated 15th June 1905, the requirements of the charities were elaborately considered, and an expenditure of Rs. 11,130-10-6 per annum was sanctioned. In this scale, a sum of Rs. 750 alone was provided for feeding during Brahmotsava and Mukkoti Utsava and owing to the inadequacy of this provision, the Government had again in their Proceedings No. 4327-9, dated 30th March 1906, to sanction an additional grant of Rs. 1,500 per annum to meet the excess cost of feeding during these festivals.

2. Owing to the steady rise in prices, even this increased allotment of Rs. 12,630-10-6 per annum has been felt for some years past to be inadequate and the excess cost was being met from the provision in the scale under repairs and from the accumulated surplus at the credit of the charities.

3. The question of further revision was brought up for the consideration of Government some time ago and at first the Government were inclined to think that it might be possible to carry on the work with some re-adjustment. After further experience and a detailed study of the question, the Muzrai Superintendent has submitted an elaborate memorandum with comparative statements examining the requirements of the charities under the various heads and has shown satisfactory reasons for concluding that a re-adjustment was not practicable. He has accordingly submitted for sanction of Government certain revised proposals involving a net increase of Rs. 1,200 on the present scale of expenditure.

4. The increases now asked for are mainly under Akhanda, Alankara, and Lakshmidevi and are due to the rise in prices of articles of consumption such as rice, ghee, etc. The necessity for a reserve provision for the repairs and renovation of the charity buildings and other articles dedicated to the worship on the Hill temple is also answerable for a substantial portion of the increase. In addition, small increases to the salaries of the clerical and menial staff of the charities have also been recommended. Against this, a reduction of Rs. 450 in the allotments under Santarpane and Mukkoti and Brahmotsavas is also proposed, as the present provision under these heads is not wholly used up. The proposals are well considered and the Government are pleased to sanction them with some slight modifications.

No. 800-803—M. F. 224-11-4, DATED 11TH OCTOBER 1916.

5. The scale of expenditure thus revised is shown in the appended statement and will come into effect from the 1st September 1916. The scale provides for an expenditure of Rs. 13,749 against the present income of Rs. 12,669-12-6. There is thus a net addition of Rs. 1,080 in the cost, which will be met by appropriation from the savings effected by the stoppage of feeding in the Annachattrams at certain unimportant centres in the State, orders upon which are being issued separately. As this appropriation of the chattram tasdiks will be available only from 1st of July 1917, the additional cost to be incurred by the present revision for the remaining months of the current year will be met from the surplus at the credit of the institution.

PUBLIC WORKS DEPARTMENT.

READ—

The following review by the Revenue Commissioner in Mysore of the programmes of Famine Relief Works for the year 1916, received with his letter No. Per. A. E. 125, dated the 18th July 1916.

Dates of receipt of the programmes.—The dates on which the Famine Relief Programmes of the several districts were received in this office are given below:—

District	Public Works Programmes	Village Works Programmes
Bangalore	27th April 1916	21st June 1916
Kolar	8th April 1916	8th April 1916
Tumkur	24th May 1916	5th June 1916
Mysore	13th May 1916	26th May 1916
Hassan	6th March 1916	27th April 1916
Shimoga	20th May 1916	5th June 1916
Kadur	11th March 1916	8th April 1916
Chitaldrug	17th June 1916	20th May 1916

None of the programmes (Public Works or Village Works) were received within the prescribed date, *viz.*, 1st March 1916. The Public Works Programmes of the Hassan and Kadur Districts were the earliest to be received and the Public Works Programmes of the Chitaldrug District and Village Works Programmes of the Bangalore District were the latest. The delay of more than three months and a half in the submission of the two last named programmes should have been avoided.

2. *Defects in the programmes.*—The following are some of the defects noticed in the programmes:—

PUBLIC WORKS.

Bangalore Division.—Part II. Whether Item No. 21 is classed as i (*a*) and iii (*a*) is not clear. In either case, its inclusion under "Emergent" works is wrong.

Kolar Division.—Besides errors of multiplication (*Vide* entries against items Nos. 45, 64 and 187), works classed as iv (*a*) and iv (*d*) (*Vide* items Nos. 66, 127 and 134) are wrongly shown under sanctioned works.

Shimoga Division.—Part I. The entries made against item No. 1 are incomplete.

Part II. Item No. 4 classed as II (*c*) is wrongly shown under emergent works. District Abstract is not written up.

Kadur Division.—The programmes of this district include the "construction and repair of buildings" (*Vide* Part II, Nos. 8, 9, 10, 11, 18, 28, 29, 30, 31, etc.). This is contrary to Section 22 (*c*) of the Famine Code.

VILLAGE WORKS.

Bangalore District.—Certain works in the Bangalore, Dodballapur and Channapatna Taluks and Closepet Sub-Taluk are not classified (*Vide* pages 9, 13, 29 and 53 of the programmes). There are no works under Parts II and III in the district.

Kolar District.—The list of persons available for famine duty has been submitted instead of an abstract, which, according to Section 31 (3), need contain only the total number of persons available.

Mysore District.—Certain works in the Gundlupet, Nanjangud, Krishnarajpet and Mandya Taluks and the French Rocks Sub-Taluk are not classified (*Vide* items Nos. 95 to 99, 171 to 182, 245 to 265, 284 to 310 and 466 to 486).

No. 2169-81—P. W. 10530-42, DATED 17TH OCTOBER 1916.

Kadur District.—Names that appear in column 9 seem to have been unnecessarily repeated in column 10. This should be avoided in future unless the persons named in column 10 consent to bear a share of the cost of the works.

3. ***Summary of the programmes.***—**The total number of projects of all kinds (Public Works and Village Works) is 6,436 of an estimated aggregate cost of Rs. 2,74,75,857. Of this, the portion available for relief is estimated at Rs. 1,82,71,601, providing employment for 274,074,060 units. Particulars of the several classes of projects are given in the following statement.**

5. ***Number of persons to be provided for and the adequacy of the programmes.***—**Under Section 20 of the Mysore Famine Code, provision has to be made for the relief of 756, 730 persons for six months, *i.e.*, for 136, 211, 400 units of labour. On an examination of the figures in the following statement, it will be observed that the provision under**

sanctioned Public Works is very poor in the Kolar, Hassan and Chitaldrug Districts, abundant in the Shimoga District and fair in the remaining districts. The provision made under sanctioned Village Works is nowhere satisfactory, being very poor in the Tumkur and Mysore Districts. The Deputy Commissioners concerned should endeavour to get more projects prepared and sanctioned. The sanctioned programmes provide for 78 per cent of the total number of units and the sanctioned and the emergency programmes together make ample provision in all the districts.

* List not furnished with the Village Works Programmes.

Order No. 2169-81—P. W. 10530-42, dated 17th October 1916.

Recorded.

2. Government regret to observe that none of the programmes were received within the prescribed time, *viz.*, 1st March 1916. The delay of more than three months and a half in the submission of the Public Works Programme of the Chitaldrug District and the Village Works Programme of the Bangalore District is not satisfactory.

3. The defects and inaccuracies observed in some of the programmes should be brought to the notice of the officers concerned with a view to their rectification. They should have taken more care in preparing their programmes. The Executive Engineer, Kadur Division, should not have included the construction and repair of buildings in his programme, contrary to Codal rules.

4. The deficiency in the sanctioned Public Works of the Kolar, Hassan and Chitaldrug Districts is pointed out year after year, but nothing appears to have been done so far to make good the same. The Superintending Engineer, Northern Circle, is requested to discuss the matter with the Executive Engineers concerned and arrange to add a certain number of sanctioned works to these programmes every year, so that the deficiency may be gradually reduced as far as possible.

5. The provision made under sanctioned Village Works is very poor in the Tumkur and Mysore Districts and it is not satisfactory elsewhere. This shows that the matter has not received sufficient attention by the Deputy Commissioners, though the deficiency was noticed in previous years and the Revenue Commissioner

was requested to arrange to get a periodical return as to the progress made in preparing projects and getting them passed. Better attention should be paid to the matter during the current year, and the number of works added to the sanctioned list during that year in each district should be reported to Government while submitting the next programmes.

6. The inspection reports on the reserves of tools and plant, prescribed in Section 32 of the Famine Code, have not been received complete from either of the Superintending Engineers. They are requested to see that these reports are submitted in a complete form and within the prescribed time in future.

The Superintending Engineer, Southern Circle, has not yet submitted the proposals, called for more than two years ago, for redistributing the total stock of famine tools to the several districts. He should see to the disposal of this matter without further loss of time.

7. A copy of the abstract Statement (Form III) of the Famine Relief Programmes for the year under review is appended for information.
